*Miss Kaitlyn
&
Miss LaHomua*

We are so excited to welcome you and your child to Alphabets Preschool Center! We cannot wait to get to know you and your child and get this year started! Our main goal is to make you and your child feel comfortable in this transitional process.

To start off, we would like to introduce ourselves; Miss Kaitlyn, teacher, (pictured left) has been teaching in early childhood for 8+ years. This is her fifth year at Alphabets and is so excited to help your child begin their educational journey! Miss LaHomua, teacher assistant (pictured right) who was born and raised in Asbury Park, has been working at Alphabets for 13 years and is a master of Second Steps, our social emotional curriculum.

Our main educational curriculum is Creative Curriculum. This year we have supplemented Creative Curriculum with Big Day Pre-K which is literacy and mathematically based. We also used a social emotional curriculum called Second Step. *Please join us at our annual Meet-N-Greet where we will discuss in length these curriculums.*

In your child's first year of preschool we call it the "learn to learn year." This year they will be learning all about managing emotions, following directions and routines, taking responsibility for themselves (self-help skills, actions etc.) and most importantly: fostering relationships with their peers and their teachers. Our goal for this year is to have them feel comfortable enough to learn in a classroom setting and our dream is that they enjoy doing it! Their second year of preschool is when we get down to business. This is when they begin to learn academically and really blossom into wonderful little people. We will discuss the details further next year!

All in all, we are hopeful that your child's time at Alphabets with us will help them adopt a love for learning and pave the way for school success! ***We are a team in your child's education*** and we are here for you every step of the way. Your child will be making a lot of changes within one year of preschool and we are grateful to be a part of this experience. Please do not hesitate to reach out to us with any concerns you may be having.
THANK YOU AND LET THE SCHOOL YEAR BEGIN!

Sincerely,
Miss Kaitlyn & Miss LaHomua
